

## Maine Department of Environmental Protection

### Notification of Return to Service

**In order to return the facility to service, and prior to re-starting operation, you must:**

- Submit to the Department an amendment to the facility registration indicating your intent to return the facility to active service (Chapter 691 Section 11(B)(3));
- Upgrade the facility to comply with the Department's applicable leak detection, overfill and spill prevention and operation and monitoring requirements (Chapter 691 Section (11)(B)(3)) ; and
- Ensure that the facility passes a precision test (Chapter 601 Section 11(B)(3)).

Please complete and submit the following form to the MDEP as a change to your registration. After review, the Department will send you an updated registration certificate.

#### Notification of Return to Service

Facility name \_\_\_\_\_ Registration number \_\_\_\_\_

Address \_\_\_\_\_

Tank number(s) \_\_\_\_\_ Size \_\_\_\_\_ Product stored \_\_\_\_\_

Tank number(s) \_\_\_\_\_ Size \_\_\_\_\_ Product stored \_\_\_\_\_

Tank number(s) \_\_\_\_\_ Size \_\_\_\_\_ Product stored \_\_\_\_\_

Anticipated date of return to service \_\_\_\_/\_\_\_\_/\_\_\_\_

Contact name \_\_\_\_\_ Telephone number \_\_\_\_\_

A tank owner may apply in writing for approval of the commissioner to allow a facility to remain temporarily out-of-service for more than 12 months. Permission will be granted under a limited set of circumstances.

Please note that Maine Law requires the facility owner to amend their registration with the Department to reflect any changes in ownership, tank status, or facility upgrades.
